Help us spread this message that is so important to both America and the West as a whole. Gadi has an amazing opportunity to take his radio show and message Nationwide and to millions of listeners. A brand new network based in NY has offered for me to be full time, but I need your help. In order to produce this show I need to raise \$30,000. dollars and I am asking for your help. I know that many of you are struggling but this is a critically important time for America and if you can afford even \$10. or \$20. that would help. I know that many of you that share my passion on these issues and can afford more and together we can reach this goal and make it happen!
